REPORT ON PUBLIC INSTRUCTION IN BOMBAY FOR 1942-43.

Introduction.

1. It has not been possible, owing to shortage of paper, to publish the Report in its usual form. The main features and the progress made during the year have therefore been briefly summarised in one Chapter only.

Main features.

2. The main features of the year as revealed by statistics may be summed up as follows :—

(a) Institutions.

The total number of educational institutions decreased by 169 to 22,582 of which 22,227 were recognised and 355 unrecognised. The recognised institutions comprised 21 Arts and Science colleges, 16 Professional colleges, 890 Secondary schools, 19,847 Primary schools and 1,453 Special schools. The decrease in the number of institutions was due to the closure of ill-attended voluntary Primary schools and adult education classes.

Of the 21,657 towns and inhabited villages, 13,982 possesed schools. At the end of the year there were some 65 large villages without schools. This figure is based on the 1941 Census.

(b) Pupils.

The total number of pupils in all kinds of educational institutions decreased by 45,547 or 2·5 per cent. to 1,809,734 of whom 1,318,198 were boys and 491,536 girls. The decrease in the number of pupils was due partly to the closure of ill-attended schools and partly to political disturbances during the year. The percentage of male scholars under instruction to the total male population decreased from 12·62 to 12·18 while that of female scholars increased from 4·89 to 4·90.

The following table compares the number of educational institutions and the pupils in them in 1941–42 and 1942–43 :—

Grand Total ..	22,751	22,582	—169	1,855,281	1,809,734	—45,547

Of the 1,809,734 pupils under instruction, 1,448,310 (comprising 356,901 Advanced, 863,053 Intermediate and 228,356 Backward classes) or 80·0 per cent. were Hindus, 234,858 or 13·0 per cent. Muslims, while the remaining 126,566 or 7·0 per cent. belonged to the various other communities. Appendix I published with this Report gives the number of pupils of the different communities attending various kinds of educational institutions.

(c) Expenditure.

The total expenditure on Public Instruction increased by Rs. 7·2 lakhs to Rs. 494·2 lakhs and was met from the following sources :—

	1941–42.		1942–43.	
	Amount.	Percentage.	Amount.	Percentage.
	Rs.		Rs.	
Government funds	2,06,13,082	42·3	2,10,75,996	42·6

Total ..	4,87,04,798	100·0	4,94,24,338	100·0

The Provincial expenditure on Direction and Inspection together amounted to Rs. 13·85 lakhs which formed about 6·6 per cent. of the total Provincial expenditure on Public Instruction.

University and Higher Education.

3. There are 51 Arts and Professional colleges affiliated to the Bombay University including the School of Economics and Sociology and the Department of Chemical Technology maintained by the University. There were over 23,000 students in these colleges, a decrease of about 3,178 during the year. The total expenditure of the University for 1942–43 amounted to Rs. 16·8 lakhs as against the total receipts of Rs. 18·1 lakhs. A total grant of Rs. 1,50,436 was paid to the University during the year.

There were 37 Arts and Professional Colleges in the British Districts, including the Deccan College Post-graduate and Research Institute, with 17,299 students of whom 2,949 were women. The Sophia Arts College, Bombay, is the only college for women in this Province. The following table gives a statistical summary of these colleges :—

	No. of colleges.	Number of students.			Expenditure.	
		Men.	Women.	Total.	Provincial.	Total.
					Rs.	Rs.
Arts and Science Colleges	21	10,372	2,618	12,990	6,00,307	31,12,410

Total for 1941–42 ..	37	16,946	3,025	19,971	9,36,172	47,45,947

The figures given shew a decrease of 2,672 students during the year. This was due partly to the enlistment of several young men for war work and partly to the political disturbances during the year.

Secondary Education.

4. In this Province the term "Secondary" is applied to schools and classes in which English is taught whereas in other Provinces the figures for Secondary education include pupils in Primary Middle schools. Combined statistics of all Secondary schools appear in the tables at the end of this Report. The following table gives a summary of these statistics :—

	No. of schools for			No. of pupils in institutions for		
	Boys.	Girls.	Total.	Boys.	Girls.	Total.

Total for 1941-42 ..	721	148	869	161,482	31,219	192,701

Of the 890 schools, 429 were High Schools and 461 Middle Schools, the latter comprising 242 schools and 219 English classes attached to Primary schools. The total number of pupils under instruction in Secondary schools decreased by 6,268 to 186,433 of whom 141,725 were boys and 44,708 girls. The decrease was due mainly to political disturbances during the year.

Government maintain 25 Secondary schools, of which 18, including the Middle School, Ahmedabad, are for boys and 7 for girls. Of the 17 Government High Schools for boys 10 are ordinary Secondary High Schools, and 7 are Vocational High Schools.

The Government School Leaving Certificate examination was held for the first time during the year for Secondary school pupils offering Commercial, Agricultural and Technical subjects. Of the 107 candidates that appeared, 47 or 43·9 per cent. passed—7 with Technical subjects, 34 with Agricultural subjects and 6 with Commercial subjects. Of the 17,889 candidates for the Matriculation examination 9,390 or 52·5 per cent. passed.

The total expenditure on Secondary schools of all types decreased by Rs. 1,35,556 to Rs. 1,13,64,501 of which Rs. 21,06,199 or 18·5 per cent. was met from Provincial funds, Rs. 1,79,033 or 1·6 per cent. from Board funds, Rs. 69,41,306 or 61·1 per cent. from fees and Rs. 21,37,963 or 18·8 per cent. from other sources. A few Secondary schools, particularly those in the Northern Division, did not function for for about six months after the outbreak of political disturbances. Special relief in the form of additional grants was extended to a few schools which endeavoured to carry on normal work inspite of reduced numbers.

The total number of teachers in Secondary schools of all types decreased by 135 to 9,885 of whom 7,751 were men and 2,134 women. Of the total number, 5,235 or 53·0 per cent. were trained and 4,579 or 46·3 per cent. were graduates.

The interest taken by Secondary schools in Physical Education has been well maintained and physical training is compulsory in all Secondary schools. Medical Inspection has also been introduced in the majority of Secondary schools.

Primary Education.

5. The number of Primary schools decreased during the year by 134 to 19,847 and the number of pupils by 28,309 to 1,536,311. The decrease was due to the closure of ill-attended voluntary schools and the exodus of pupils from large Cities at the beginning of the year owing to the war. Fortunately there was no fall in the number of girls and Girls' schools. The increase recorded last year was not only maintained, but there has been a further increase of 37 girls' schools and of 3,347 pupils.

Direct expenditure on Primary schools for boys and girls increased by Rs. 8,28,831 to Rs. 2,27,53,400 of which Rs. 1,31,69,770 or 57·9 per cent. was met from Provincial funds, Rs. 70,82,959 or 31·1 per cent. from Boards' funds, Rs. 9,77,329 or 4·3 per cent. from fees and Rs. 15,23,342 or 6·7 per cent. from other sources. Most of the expenditure incurred by the Local Authorities has now been sanctioned for purposes of grant.

The total number of teachers in Primary schools under all managements decreased by 562 to 45,395 of whom 37,709 were men and 7,686 women as against 38,330 and 7,627 in the preceding year. Inspite of the decrease in the total number of teachers the number of trained teachers increased from 19,432 to 19,781 and the percentage of the trained element from 42·3 to 43·6. The percentage of trained women teachers rose from 51·0 to 52·2.

Physical training is receiving proper attention although many schools are still in want of suitable play-grounds for outdoor games. In Primary schools under the control of the Local Authorities the children are expected to be medically examined at least twice during the Lower Primary stage but it has not been found possible to introduce medical inspection in all schools. The Bombay Municipality has a good scheme of medical examination and treatment.

Adult Education.

6. Mention has been made in my previous (Quinquennial) Report of the measures adopted by Government to put into effect a scheme of adult education supported by a liberal scale of grants and of the results obtained in recent years. Inspite of the closure of a few ill-attended literacy classes, the progress made has been well maintained. In addition to 85 Night schools with 3,392 pupils, there were 966 literacy classes with an enrolment of 21,561 adults at the end of the year. The cost to Government on account of these literacy classes amounted to about Rs. 88,400.

The literacy classes maintained by the Bombay Adult Education Committee are held in three or four sessions during the year. The Committee had over 400 classes in the City with an enrolment of about 8,000 adults at the end of the year. A grant of Rs. 51,100 was paid to the Committee.

To prevent the literate adult from lapsing into illiteracy, efforts have been made to establish more reading rooms and to publish suitable literature for adults. The post literacy classes and extension courses organised by the Bombay Adult Education Association serve a useful purpose in Bombay City. For rural areas the Department of Visual Instruction organises talks on agriculture, public health and sanitation, and other topics of interest to the ordinary village folk.

War work.

7. Good use has been made by various educational institutions of the bulletins, pamplets and other information supplied by the Publicity Department on the progress of the War. School maps, charts, and other pictorial material received from time to time have been helpful to teachers in giving periodical talks to school pupils and villagers on the progress of the War.

Special efforts were made during the year to popularise the Technical Training Scheme introduced by the Government of India. The scheme aims at giving technical training to boys of the Matriculation zone and a number of schools are keenly interested in the immense possibilities which the scheme holds for the youth of India.

Special Committees to select suitable candidates for training have been established in the various Districts and an officer lent by this Department has been appointed as Publicity Officer to co-ordinate the work of the various committees.

General.

8. The academic year commenced with a definite indication of steady work and progress but the political disturbances which affected the Province in August, 1942, disorganised the work of a number of educational institutions. Except in some colleges and schools in Gujarat in which work had to be suspended for about five months, all the educational institutions were in session during the whole time, but attendance was sparse for about three months. Except in Gujarat the movement did not affect Primary Schools. Many students who wished to attend complained of intimidation, especially outside the college or schools premises. Sporadic attempts were also made to damage school property, and nine school houses were set on fire. Many students took part in processions and demonstrations but only a small number were implicated in more serious activities.

After the outbreak of the disturbances the District and Municipal School Boards of Ahmedabad and Surat and the District School Boards of Kaira, Panchmahals, Broach and the Bombay Suburban District ceased to function. These Boards had consequently to be superseded and special Committees of Management had to be appointed to carry on with the work of the School Boards.

The movement started in August and at one time threatened to take an ugly turn, but it fortunately petered out by the beginning of the second term in November. During the second term the attendance was practically normal with a slight decrease in the number. Almost all the pupils who were detained and subsequently released were re-admitted on their giving an assurance of observance of school or college rules. The reports of the Principals of colleges and of the various educational officers shew that although the education of boys and girls suffered during the course of the disturbances everything possible was done during the second term to make up for the loss of work in the first term.
